

Erratum

Update on successful nesting of bearded vulture (*Gypaetus barbatus*) in the Lanzo Valleys, Piedmont region (NW Italy)

Maurizio Chiereghin¹, Alessandro Prezzi², Fabiano Sartirana^{3*}

In the above article published in Research in Ornithology, 93 (2): 57-60, 2023 (DOI: 10.4081/rio.2023.690), Table 1 contained data entry mistakes. As a result, the clutch dates of the breeding seasons 2021-2022 and 2022-2023 were modified, and the average date was recalculated. The corrected table is included below.

Tab. 1 - Reproductive dates for the Usseglio's, pair. / Date di riproduzione per la coppia di Usseglio.

Breeding season	Clutch	Hatch	Fledge	Failure
2018-2019	15/02±1	12/04±1	18/08	/
2019-2020	14/02±1	06/04±1	11/08	/
2020-2021	15/02±1	06/04±1	06/08	/
2021-2022	08/02±1	29/03±1	27/07±1	/
2022-2023	02/02±1	22/03±1	/	24/05±2
Average date	11/02±1	02/04±1	07/08	/
